

src/BlockingQueue.h

```
graph TD; A[src/BlockingQueue.h] --> B[deque]; A --> C[mutex]; A --> D[condition_variable];
```

The diagram illustrates the dependencies of the `src/BlockingQueue.h` header file. It is represented as a central gray box at the top. Three blue arrows originate from the bottom of this box and point downwards to three separate white boxes. The leftmost box is labeled `deque`, the middle box is labeled `mutex`, and the rightmost box is labeled `condition_variable`. This indicates that the `BlockingQueue.h` header file includes or depends on these three components.

deque

mutex

condition\_variable
